WINNERS ANNOUNCED: The LDS Church announced the winners Friday of their first ever worldwide "Gospel App & Game Contest" at the LDSTech Conference in Salt Lake City, Utah.

Competition was stiff as developers from the United States and several other countries submitted a total of 80 games and apps.

A new LDS missionary app named "My Mission" received TWO awards including (1) the "People's Choice" award, and (2) 3rd Place in the "Family" division.

My Mission helps LDS missionaries organize and share their favorite missionary pictures, stories, and experiences with their family and friends back home.

It's exciting to see that a MISSIONARY APP (not a game) received top honors.

The "My Mission (LDS)" app is available now in the [Apple App Store](#) or on [Google Play](#).
